Evan;  
 I'd appreciate an invitation. I've blocked the time off on my calendar.  
 Best regards,  
 Allen

**Subject:** FW: EDA/EPA Webinar

Hello Allen, Jeff, Claire, and Brian,

I wanted to write and let you know about a webinar I'm giving next Thursday (9/19) at 1pm ET. This is with some trade groups primarily representing manufacturers and dealers of nonroad diesel vehicles and engines. The subject is all about tampering and aftermarket defeat devices. I'm letting you specifically know because I thought you may be interested (Allen certifies these products, Jeff/R7 are already engaged with some of this industry with compliance assistance, and Claire/R9 and Brian/R5 have or may soon start to address nonroad tampering with case work.

Are you interested in attending, or joining in any part of the presentation? Even if it's just a minute to discuss your perspective on what you're seeing, that could help the attendees understand that EPA is on the beat. Let me know if so.

Thanks,  
 Evan

**Subject:** EDA/EPA Webinar

Good Afternoon Evan:

I just wanted to circle back with you about our upcoming webinar. Will you please let us know if there is anything you need from us? Typically presenters will just send their PowerPoint to Alex Hoffman (she is cc'd) and she will get it ready to go. We can certainly do a trial run before the webinar to get your familiar with the format. We do have the ability to do polls and to have a Q&A portion. I am planning to introduce you and your co-presenter so if you could provide a brief biography that would be helpful.

Let us know if you need anything else! We really appreciate you providing dealers with this information.

Very Truly Yours,  
Natalie J. Higgins  
Vice President of Government Relations  
& General Counsel  
Equipment Dealers Association  
Formerly the North American Equipment Dealers Association  
165 N. Meramec Ave, Suite 430
